

Axial piston motor - fixed displacement

- max pressure 420 bar
- displacement 35; 50; 75; 105 cm³

Axial piston motor - variable displacement

- max pressure 420 bar
- displacement 50; 75; 105 cm³

Gear motors - standard

- nominal pressure 160 bar
- displacement 1,66....220 cm³

Gear motors - with brake

- nominal pressure 160 bar
- displacement 1,66....220 cm³

Radial piston motors

- nominal pressure 200 bar
- displacement 510....2800 cm³
